

Deerfield Beach
Florida

December 22, 2016

To Whom It May Concern,

As a Recreation Manager with the City of Deerfield Beach, I would like to express my support to the Courage to Believe Chess Club Mentoring program. This program is important to the City of Deerfield Beach specifically because it will teach kids how to accomplish goals in life, maintain a positive mindset and avoid the school to prison pipeline. Our community is in desperate need for programs that support education, culture, health/wellness and community pride. The program will be held at the Hillsboro Community Center and expected to start in February 2017. I am extremely grateful for the opportunity that the City of Deerfield Beach is providing with this initiative, and I strongly recommend and support the implementation of this program.

Sincerely yours,

A handwritten signature in blue ink that reads "Inger Knowles". The signature is written in a cursive, flowing style.
